

Class 3 Curriculum Update

December 2021

Values: Compassion and Simplicity

That's all folks.

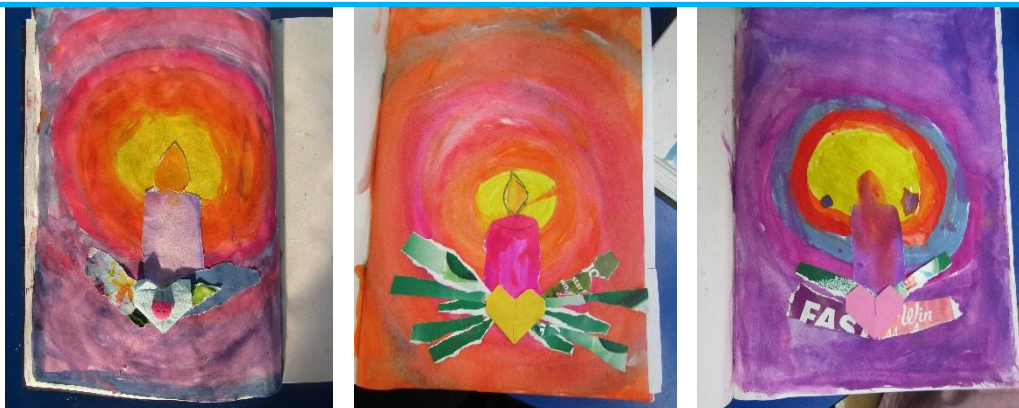

The children have started to think about animation in our new theme and have enjoyed exploring early animation devices such as the flip book which they have realised is quite a skill with the small changes in their simple drawings. We will look at further examples next term. The children have also enjoyed creating games in science that need magnets to create moving elements. Seeing the children's joy in learning when magnets are involved is always a pleasure. We will continue with this theme next term.

Reindeer Run.

At school, we always enjoy taking part in the Reindeer Run because we know what wonderful work St Michael's Hospice do. Thank you to everyone who sent in their £2 donations and to those who made further donations via the Just Giving page.

Light - Candles at Christmas time.

We have been talking about the meaning of Christmas and while the children all have a very clear expectation on the gifts they would like to receive they were also able to reflect on the importance of giving and how it makes them feel to give and receive a gift. We have been focusing on light and its significance as a symbol to Christians at this time. Resulting from this reflection, the children created a candle of their own. Below are a few examples however all work can be viewed on the class pages of the website.

Our first term in Year 3 seems to have flown by we will continue with That's all Folks in January and are looking forward to learning about and making other early animation devices.

Wishing you all a very Merry Christmas
Mr Hutton, Mrs Lee and the Year 3 team.
