

Year 6 Curriculum Update

Friday 18th November 2022

Values: Empathy & Respect

"Go With The Flow"

During our latest theme, which we have finished today, the children have been learning all about the human body. The main focus has been understanding how the circulatory system works and thinking about how we can keep ourselves as healthy as possible. The children have written some wonderful information texts on keeping healthy and I will be uploading several examples of these in the gallery on the school website over the next few days.

Inter Faith Week

In RE, we are looking at why people have different beliefs and what affects these beliefs. To link in with this and Inter Faith Week, the children had the opportunity to talk to a friend of mine, who follows the Baha'i faith.

Prior to our zoom call, the class thought carefully about what they would like to ask Midge and I think that the group, who finally took part in the call on Friday, found it interesting to hear what she had to say about her faith.

Enterprise

Our Enterprise groups are now working on their product ideas and this week they learnt about the importance of branding during an interactive session with Mark White, who is the Head of Internal for Morrisons. Next week, the children will be developing their understanding of finance and business planning when David Cash, Relationship Director with Barclays Bank, joins us on Tuesday morning. This will be followed up with visits to local businesses between now and February half-term, where the children will learn about how successful businesses are run.

Mathematics

In maths, the children have been doing fractions, fractions and more fractions. They have simplified, converted, compared, ordered and are about to learn how to multiply and divide fractions too. I have been delighted with their determination and would now ask that they continue to work on their times tables so that they become even more fluent in their responses.

Dates for the Diary

Tues 22 nd Nov	David Cash visit to school
Wed 23 rd Nov	Forest School
Thurs 24 th Nov	Class visit to Envirosort, Worcester

We will be starting our new theme "Global Warning" next week, which will carry on for the first few weeks of the New Year too. Please be prepared for lots of questions about recycling, and what we can do to make a difference to the future of our planet.

Finally, I would like to thank all those children who have represented the school at different events in the last few weeks. There will undoubtedly be more of these occasions throughout the year for any other children who would like to receive their Madley Ambassadors badge.

Best wishes, Mrs Lacey and the Year 6 Team.
