

Year 6 Curriculum Update

Friday 26th April 2024

Values: Excellence and Humility

Year 6 Class Assembly – Go With The Flow

It was wonderful to see so many of you for our sharing assembly at the end of last term. It was a very enjoyable morning and thank you for your participation in all of the activities and challenges. The Blaker family were the lucky winners of the Treasure Hunt competition and I assure you there was no cheating involved at all!

The assembly brought together the learning from the theme and gave the children the opportunity to show off their amazing knowledge of the human body. I would also like to take this opportunity to thank Dr Mark Woodall for taking the time to talk to the children about some of his experiences and medical knowledge.

History – Wars of The World

As mentioned in the previous update, our latest theme looks at different aspects of conflicts from both the past and the present. We have talked about the build-up to World War 1, and have also looked at how the conclusion to this war led, in many ways, to the outbreak of World War 2. The children will be looking at different types of sources over the next few weeks and we will also be discussing the Holocaust. I have asked the children to speak to anyone they may know, who was alive during WW2, to find out more information if they can to share with the class.

SATS Information

You should have received a Parentmail with the information regarding the upcoming STAS and the relevant dates. If you have not received this, could you please contact the office so that I can get the information to you as quickly as possible.

I have put a selection of pictures from the last few weeks on the class gallery, including some of the children's last Easter Egg hunt at Madley.

Finally, I would like to say how positively the children have started the new term and to thank them for the maturity that they showed our recent class discussions. Long may it continue!

Best wishes,

Mrs Lacey & the Year 6 Team
