

Curriculum update

28.2.20

Welcome back!

We hope you have had a lovely half term and kept safe with all of the bad weather we have had. This term we are continuing to learn about the world around us and we are focusing on what is actually on our planet. We will be investigating: the water cycle, volcanoes, rocks, seas, oceans and lots of other things too.

We have loved seeing how the enthusiastic everyone has been and we're looking forward to starting the next part of our discoveries!

Parents Evening

Thank you to everyone who was able to attend Parents Evening. If you were unable to attend, please contact the office or speak to us and we can try and arrange an alternative time. We hope you enjoyed looking through all of their books and learning so far. We have done so much this term and it is a lovely opportunity to share it with you. There will be another opportunity for the children to share their learning with you at our class assembly, more details to follow.

Dulas Court

The children have continued to attend Dulas Court on a 3 weekly cycle and have been sharing their knowledge of space with their older friends at Dulas Court.

This week David (who is one of the resident's husbands) shared lots of mini science experiments with the children. They explored the different planets and what they are made of and compared the gas planets to the rocky planets. Jacob was then chosen to dress up as an astronaut and blast off to each planet where they discovered more about each planet.

World Book Day

On Thursday 5th March 2020, it is World Book Day. This year we are all trying to dress up as a word rather than a character from a story. There are some ideas on the Newsletter and if you're struggling for ideas there are lots on the internet too! There will be prizes for the most original idea and everyone can bring their favourite book from home but please make sure it is clearly named. We will be reading and sharing books throughout the day. There is also a bring and buy sale if you have books you are willing to donate please send them to the office. Any money raised will go towards buying new books for school. If you have any questions please ask. We are looking forward to seeing everyone dressed up!

Dates for your diary

Monday 2nd March 2020 - Madley Satellite Station (this will take place in school time and we are just visiting in the morning and will be back for lunch)

Thursday 5th March 2020 - Space dome

Thursday 5th March 2020 - World Book Day

Monday 9th March 2020 - Think Tank (this has been provisionally booked, more details to follow)

Friday 28th March 2020 - Class assembly

Our first class assembly will take place on 28th March and the children will be sharing all of their learning from this term. Any parents/carers are more than welcome to join us. The assembly will start at 9:10 and will last 20-30 minutes and then you are welcome to stay and share the children's work with them for a short time after too.
