

Short burst - Monday June 8th

Please find attached the 'short burst' photo or photos for this week. Your class teachers Curriculum Update will have extra or different ideas as well. Some of the ideas below can be shared writing between you and your child. Depending on their age will depend on the best 'theme' for their writing. Great writing isn't forced it comes naturally because of interest so a discussion around ideas first is the best approach.

Possible themes –

The worst sports day ever !

Direct report from one of the participants.

Real – cheese rolling competition in Gloucester. Design a poster to advertise the event.

Write a health and safety document for the event.

Or develop your own ideas

Good luck and please share your ideas.
