

Class 3 Weekly Curriculum Update

11th January 2021

Values: Peace and Friendship

Welcome back. Although we are not back in the way we had all hoped to be, the following details may help you to organise yourselves and know what to expect for home learning. An update will be available on the class page under the home learning section every week. This will be posted by each Monday. It will give an outline of when we will do different lessons, what resources you may need to prepare or details of some learning activities. Having a routine is very important during times like these but it needs to be a routine that works for you.

You will find the learning tasks that are needed each day in different places. Seesaw, which has been lovely to see you accessing already, the class page – working from home section; Spelling Shed; TT Rockstars; Whiterose maths and in some cases we may use Education City.

Please expect maths and English tasks daily and then the following timetable will help you know what might happen on each day in addition to this. I have tried to stick with a similar structure to the school timetable.

In Year 3 we will do:

Monday	Theme and PE
Tuesday	Science
Wednesday	Music/Forest School/Outdoor learning
Thursday	French / RE or PSHE
Friday	Art

Daily tasks:

15 minutes every day on TT Rockstars

15 minutes every day on Spelling Shed

At least 15 minutes every day spent reading. This is in addition to the reading tasks that are set.

I know that some prefer sheets, but online is better to track.

Do it when you can as I know you might share devices.

Maths:

For Maths, we will be using Whiterose, which you will hopefully be familiar with from the March lockdown. The sequence of learning and questions set are what we use in school.

You will find the teaching videos on their website <https://whiterosemaths.com/homelearning/year-3/> and I will post the associated worksheets on the working from home section of the class page, with answers and on Seesaw. Please choose whichever way is best for you.

If you find your child is really struggling with the Year 3 maths then please look at the work from previous year groups to find something more suited. It is better they are confident and happy and reinforcing skills by going over things rather than becoming deflated by getting confused. Class 1 and 2 will use the Whiterose resources too and therefore you will be able to find a level that works for them and you on these class pages. If you decide to use previous Year groups please find the teaching videos on <https://whiterosemaths.com/homelearning/> and select the year group needed.

Other work will be set on Seesaw each day for you to access. I will be available to respond on this forum between 10am and 2.30 pm each day. The speed of response depends on the flow of work being uploaded. Seesaw is a platform where we can provide your child with feedback on their work however, if you have any questions in addition to this please email school and I will get back to you as soon as possible. admin@madley.hereford.sch.uk

As with Lockdown 1.0, Mr Batstone sent out other activities you may wish to take part in. He will also send out ideas for Forest School too so please watch out for these on a Wednesday, which is our Forest School day. I will allocate English, Maths and Music on this day too but hopefully you will spend the afternoon outside exploring.

Thank you for the support you have already given to your children for learning at home. It is not the start we wanted this term but together we can keep everyone safe and continue to enjoy learning. Stay safe. Mr Freeman
